Briggs Opposed Twin Help Please - posted in Mechanical & Hydraulics Forum: Im running a Briggs 18hp opposed twin, model # 422707-1263-01, on my GT. The other day it starts trying to die, running without much power, and oil and grey gunk seems to be coming from somewhere around the air cleaner, leaking down the right side oif the engine. I checked the tube running from the crankcase to the fuel ...

[Electric Starter For Briggs Stratton Opposed Twin Cylinder](#)

The Twin Cylinder Engine - This engine was introduced in 1977 as a means of competing with Briggs & Stratton's rivals, particularly Japanese firms like Honda who were cutting into traditional Briggs & Stratton markets by producing lawn mower engines (and later, complete lawn mowers). These first models were rated 16 hp (11.9 kW) and displaced 40 cubic inches (656 cc), but were joined in 1979 by 42 cubic inch (694 cc) models rated at 18 hp (13.4 kW).
