How Culture Shapes Emotions | Psychology Today

The idea of culture as something that is shared means that it is vital to understand culture and communication in relation to one another. The relationship between culture and communication, in all its forms, is tightly interwoven and interlinked. We can see that communication enables the spread and reiteration of culture.

Culture is a strong part of people's lives. It influences their views, their values, their humor, their hopes, their loyalties, and their worries and fears. So when you are working with people and building relationships with them, it helps to have some perspective and understanding of their cultures.
