Firefall From Hugo, Nebula, and John W. Campbell award-nominated author Peter Watts, Firefall is a far-future, science fiction saga of first contact with an alien species at the edge of the solar system – and of the evolution of humanity into a myriad of subspecies.

Macmillan: Series: Firefall

Watts is undoubtedly brilliant, although that doesn't make him necessarily right. He is a biologist with a PHD who seems somewhat bitter at what he perceives to be humanity's arrogant, self important view of the universe.
