"Cast aside your cares and worries. Make yourself a Mai Tai, put your favorite exotica record on the hi-fi, and prepare to lose yourself in the fantastical world of tiki, one of the most alluring--and often misunderstood--movements in American cultural history. Martin and Rebecca Cate, founders and owners of Smuggler's Cove (the most acclaimed tiki bar of the modern era) take you on a colorful journey into the lore and legend of tiki: its birth as an escapist fantasy for Depression-era Americans; how exotic cocktails were invented, stolen, and re-invented; Hollywood starlets and scandals; and tiki's modern-day revival. Featuring more than 100 delicious recipes (original and historic), plus a groundbreaking new approach to understanding rum, Smuggler's Cove is the magnum opus of the contemporary tiki renaissance. Whether you're looking for a new favorite cocktail, tips on how to trick out your home tiki grotto, help stocking your bar with great rums, or inspiration for your next tiki party, Smuggler's Cove has everything you need to transform your world into a Polynesian Pop fantasia"--

With culinary nationalism defined as a process in flux, as opposed to the limited concept of national cuisine, the contributors of this book call for explicit critical comparisons of cases of culinary nationalism among Asian regions, with the intention of recognizing patterns of modern culinary development. As a result, the formation of modern cuisine is revealed to be a process that takes place around the world, in different forms and periods, and not exclusive to current Eurocentric models. Key themes include the historical legacies of imperialism/colonialism, nationalism, the Cold War, and global capitalism in Asian cuisines; internal culinary boundaries between genders, ethnicities, social classes, religious groups, and perceived traditions/modernities; and global contexts of Asian cuisines as both nationalist and internationalist enterprises, and "Asia" itself as a vibrant culinary imaginary. The book, which includes a foreword from Krishnendu Ray and an afterword from James L. Watson, sets out a fresh agenda for thinking about future food studies scholarship.

Anthropologists and historians have confirmed the central role alcohol has played in nearly every society since the dawn of human civilization, but it is only recently that it has been the subject of serious scholarly inquiry. The Oxford Companion to Spirits and Cocktails is the first major reference work to cover the subject from a global perspective, and provides an authoritative, enlightening, and entertaining overview of this third branch of the alcohol family. It will stand alongside the bestselling Companions to Wine and Beer, presenting an in-depth exploration of the world of spirits and cocktails in a groundbreaking synthesis. The Companion covers drinks, processes, and techniques from around the world as well as those in the US and Europe. It provides clear explanations of the different ways that spirits are produced, including fermentation, distillation, and ageing, alongside a wealth of new detail on the emergence of cocktails and cocktail bars, including entries on key cocktails and influential mixologists and cocktail bars. With entries ranging from Manhattan and mixology to sloe gin and stills, the Companion combines coverage of the range of spirit-based drinks around the world with clear explanations of production processes, and the history and culture of their consumption. It is the ultimate guide to understanding what is in your glass. The Companion is lavishly illustrated throughout, and appendices include a timeline of spirits and distillation and a guide to mixing drinks.

" An excellent overview on the huge cultural influence Hawaii actually had and still has. " —popcultureshelf.com " At last, someone takes Hawai ' i seriously, combining a scholar ' s eye and a fanatic ' s devotion to showing how small islands in the middle of nowhere changed our world, making it a richer and better place. " —Jerry Hopkins, author, The Hula, Romancing the East and No One Here Gets Out Alive How did Hawaiian and Polynesian culture come to dramatically alter American music, fashion and decor, as well as ideas about race, in less than a century? It began with mainland hula and musical performances in the late 19th century, rose dramatically as millions shipped to Hawaii during the Pacific War, then made big leap with the advent of low-cost air travel. By the end of the 1950s, mainlanders were hosting tiki parties, listening to exotic music, lazing on rattan furniture in Hawaiian shirts and, of course, surfing. Increasingly, they were marrying people outside of their own racial groups as well. The author describes how this cultural conquest came about and the people and events that led to it.

Become a Cocktail Connoisseur If you liked The Drunken Botanist, The 12 Bottle Bar or The Savoy Cocktail Book, you ' ll love The Cocktail Companion Drink your way through history: The Cocktail Companion spans the cocktail's curious history from its roots in beer-swilling 18th-century England through the illicit speakeasy culture of United States Prohibition to the explosive, dynamic industry it is today. !--StartFragment-- In her most popular bestseller ever, the beloved author and minister Joyce Meyer shows readers how to change their lives by changing their minds. Joyce Meyer teaches how to deal with thousands of thoughts that people think every day and how to focus the mind the way God thinks. And she shares the trials, tragedies, and ultimate victories from her own marriage, family, and ministry that led her to wondrous, life-transforming truth--and reveals her thoughts and feelings every step of the way. Download the free Joyce Meyer author app.

Now revised, updated, and with new recipes, And a Bottle of Rum tells the raucously entertaining story of this most American of liquors From the grog sailors drank on the high seas in the 1700s to the mojitos of Havana bar hoppers, spirits and cocktail columnist Wayne Curtis offers a history of rum and the Americas alike, revealing that the homely spirit once distilled from the industrial waste of the booming sugar trade has managed to infiltrate every stratum of New World society. Curtis takes us from the taverns of the American colonies, where rum delivered both a cheap wallop and cash for the Revolution; to the plundering pirate ships off the coast of Central America; to the watering holes of pre-Castro Cuba; and to the kitsch-laden tiki bars of 1950s America. Here are sugar barons and their armies conquering the Caribbean, Paul Revere stopping for a nip during his famous ride, Prohibitionists marching against "demon rum," Hemingway fattening his liver with Havana daiquiris, and today's bartenders reviving old favorites like Planter's Punch. In an age of microbrewed beer and single-malt whiskeys, rum--once the swill of the common man--has found its way into the tasting rooms of the most discriminating drinkers. Complete with cocktail recipes for would-be epicurean time-travelers, this is history at its most intoxicating.

Offers forty essays that recount the quest for the perfect fat substitute, the best formula for sourdough bread, and other culinary grails
