Text Types Domain

Most corpus-based studies rely

implicitly or explicitly on the notion of

genre or the related concepts register,

text type, domain, style, sublanguage,

message form, and so forth. There is

much confusion surrounding these

terms and their usage, as anyone who

has done any amount of language

research knows. The aims of this

paper are therefore two-fold.

**Registration.** There are many different types of domain names out there waiting to be owned. But before you can do anything with one, you need to know how to register your domain name. If you have a domain name you want to use or check for availability, you must first register with the Internet Corporation for Assigned Names and Numbers (ICANN).

The mode of discourse refers to “ the function of the text in the event, including therefore both the channel taken by the language – spoken or written, extempore or prepared – and its [genre], or rhetorical mode, as narrative, didactic, persuasive, ‘ phatic communion ’ and so on ” (Halliday 1994, 22). This variable determines the role and function of language in a particular situation.
