The Black Death ravaged Europe during 14th century and left a lasting impression on the surviving population. In this lesson, students analyze maps, firsthand accounts, and archival documents to trace the path and aftermath of the Black Death, the most devastating public health crisis of the Middle Ages.

History of Great Britain: 1767-1792 By the 1780s Britain is a society profoundly changed from a century earlier. There is now political power in middle-class hands. And new opportunities are available in the developing Industrial Revolution. There is no more striking example of this flexible society, in which merit can find its own rewards, than the career of Richard Arkwright.
