Time your trades more accurately and reliably! The secret is to combine western technical analysis with eastern candlestick methods. In *Profiting from Technical Analysis and Candlestick Indicators*, top trader and best-selling author Michael C. Thomsett shows you how. Using more than 100 easy-to-understand visuals, Thomsett explains why candlesticks complement traditional resistance/support-based analyses rather than contradicting or competing with them. One step at a time, you'll learn how to use them together to identify crucial reversal and confirmation signals more rapidly and reliably. You'll learn how to use each system to gain cross-confirmation and strengthen the reliability of your predictions; uncover reversal signals in both systems; forecast pricing; recognize signal failures and false leads; profit from swing trading; and reduce risk. *Profiting from Technical Analysis and Candlestick Indicators* will be valuable to wide audiences of professional and institutional investors, experienced individuals or institutional portfolio managers, and all experienced traders who use technical analysis for guidance.

Join the 27,000 people who have achieved dramatic and long-term weight loss with The Setpoint Diet, from the New York Times bestselling author of *The Calorie Myth*. Your body fights to keep you within a range of about 15 pounds -- also known as your "setpoint weight." New research reveals that you can lower your setpoint and end that battle for good by focusing on the quality of calories you eat, not the quantity. With The Setpoint Diet, you will reprogram your body with a 21-day plan to rev up your metabolism, eliminate inflammation, heal your hormones, repair your gut, and get your body working like that of a naturally thin person -- permanently. The Setpoint Diet is a lower-carb menu that focuses on specific anti-inflammatory whole foods, including tons of produce, nutritious proteins, and therapeutic fats. Its creator, Jonathan Bailor, founded SANESolution, a weight loss company that has reached millions of people. Proven to help you lose weight naturally and maintain it, The SetpointDiet is your new blueprint for healthy living.

The previously untold story of the Zenith Trans-Oceanic, the world's most romantic and expensive series of portable radios, now in a newly revised & expanded edition. Long a companion of kings, presidents, transoceanic yachtsmen and world explorers, the Trans-Oceanic was also carried into battle by American troops in three wars. Its great popularity in spite of a very high price can be laid at the feet of several generations of armchair travelers who used the shortwave capabilities of the Trans-Oceanic as a window on the world. With access to the Zenith corporate archives and their long experience as radio enthusiasts and writers for both the popular and scholarly press, Professors Bryant and Cones present the engrossing stories of the development and use of the Trans-Oceanic throughout its forty year life. They present a wealth of never-before published photographs, documents and information concerning these fascinating radios, their collection, preservation and restoration.

Provides an overall introduction to the welding process, illustrating most of the common equipment and work techniques for both the home and shop welding.

Provides guidance on comprehensive treatment of tendon anchorage zone requirements and analysis methods. Special emphasis on practical applications of strut and tie design approach, which is recommended by AASHTO and ACI. Step by step design analyses for a number of typical anchorage zone conditions.
