165 Posts. #4 · Mar 4, 2018 (Edited) Just got an engine swap in my 2011 because my engine blew up which seems like from mfg defects. The shop swapped it with a motor from LKQ that had like 60K miles on it. They put the engine in through the top because that is how they were setup (their lift is the kind that does not have enough clearance on ...

HI Lets start this topic so we can collect necessary information over 250 to 350 engine swap. Reason for this topic is that because european lexus does not import is350 model at all, only 250 and is-f. And price difference between those models are huge. I think it is possible to just take lexus 3...

Quite a few people, including several of our members, have stuffed this legendary Toyota engine into their Lexus machines. But like any other engine swaps, this one requires a bit of finesse. Thus, lexusdog was wondering – is it really worth the hassle? “I would like to get some feedback from folks who have done the GS300 2JZ swap.
