Location Guide Component B737 - [code.gymeyes.com](http://code.gymeyes.com)

The only action that may require aircrew to be in the E & E bay is an APU overspeed reset, the procedure for which is contained in the Aircrew Servicing Manual (if your company has one). The bottom two photographs show the location of the APU control unit, although it will be labeled in the bay. The battery is also located in the E&E bay.
