With a pooled (or collective) property fund, a professional manager collects money from many investors, then invests the money directly in property or in property shares. Fund managers charge a fee for this service, which will affect your earnings. These are all common examples of property funds: Property unit trusts; Property investment trusts; Offshore property companies; Real estate investment trusts (REITs) Shares in listed property companies; Insurance company property funds

REITs are investment funds that solely invest in property. When looking to invest in property, UK residents sometimes prefer this method. They're easier to invest in and easier to get out of, because they're done as a pooled fund. This means several investors buy property, which the fund then owns.

## *Property funds - Financial Ombudsman*

After all, property is an investment: you'd not consider investing in shares, wine or vintage pornography without having any capital, so why should property be any different? Unless you're wired a bit strangely (like I am), saving isn't fun - but it's straightforward, it's within your control, and it's predictable.
