Don't bother getting the solution manual either as it parallels the book in succinctness, simply stating the answer to the problem in a straightforward manner with no real explanation of how the answer was obtained. Overall, this book is not a good book for teaching, simply use it as a supplement or as a quick review book.

Solutions Manual Review - old.dawnclinic.org

This solutions manual provides absolutely minimal help. It randomly skips problems (usually the ones that I really need help on), and even when I'm lucky enough to find the problem I need in the manual, it skips so many steps that I am more confused than before. This manual is a complete waste of money.
